WORKSPACE SOLUTIONS.

Our Mission

Be the storage system provider of choice by delivering the best possible workspace solutions for our customers. As a family-run business with a rich heritage, we are passionately committed to helping our dealers, distributors and end-users store and organize their products while maximizing workspace.

Our Vision

To become the market leader in each of our served markets. This leadership will be captured by providing our dealers, distributors and end-users high-quality, innovative, cost-effective and environmentally friendly products. We will add value to these products by providing unmatched customer service through our commitment to customer satisfaction.

THE LYON ADVANTAGE

- **OVER 100 YEARS OF COMMITMENT** to helping our dealers, distributors and end-users store and organize their products while maximizing workspace
- **OVER 100 STORAGE SOLUTION EXPERTS** throughout the USA giving immediate attention and support to every project
- **LIFETIME PRODUCT WARRANTIES** against defects in materials and workmanship for the life of the product
- **FOUR DOMESTIC PLANTS** centrally located in the USA with four warehouses across the country providing fast shipping at cost effective rates, while reducing fossil fuel emissions
- **OVER 6,000 PRODUCTS AVAILABLE IN STOCK**, ready to ship from four distribution centers throughout the USA
- **LEED/GREEN-COMMITTED** compliance and products provide environmental stewardship
- **LYON PAYS THE FREIGHT**, dealers and distributors get their orders with Lyon paying for the freight*
- **NO HASSLE CLAIMS**, any Lyon product damaged in shipment by a Lyon designated carrier will be returned. Lyon will ship a replacement product for free.**

*Read the Dealer and Distributor Policy and Discount Schedule- eff. 9/1/2010 for details

**Damage must be noted on delivery receipt and damaged product refused at time of delivery.

All specifications in this catalog are subject to change without notice.

PRODUCT WARRANTIES

Most Lyon products are warranted against defects in materials and workmanship for the life of the product when used in accordance with Lyon's specifications and/or operating instructions. This warranty applies to the original purchaser only and the purchaser's sole remedy under this warranty is limited to the repair and replacement of the products and specifically excludes

consequential, incidental or other damages directly or indirectly resulting from failure or loss of use of, or by, Lyon products. Damage from deliberate destruction and vandalism is excluded. For all Lyon product line warranties, check out our website at <http://www.lyonworkspace.com/warranty.htm>.

GOING GREEN AT LYON

THINK & BUILD GREEN

Lyon is committed to developing products and programs that positively impact the environment. Whether the goal is creating a healthier environment, lowering operating costs, reducing emissions or maintaining an enviro-friendly product delivery system, Lyon is the clear cut leader in green initiatives within its industry:

- Lyon’s new antimicrobial paint finish fights bacterial, fungal and mold growth around the clock on locker surfaces in public facilities like schools and hospitals
- Lyon’s centrally located manufacturing facilities near Chicago are within 500 miles of many metro areas for fuel-efficient factory-direct truck deliveries to major markets throughout the Midwest and Midsouth
- Four outlying regional distribution centers bring Lyon products close to customers throughout the U.S.A. with inventory replenishments handled primarily via rail to lower costs and minimize fuel consumption

- Spare Parts List

Modular Drawer Cabinets

Pre-Engineered MDC Ordering Guide

Step 1

Select Housing (see pages 6-7)
Determine which cabinet meets your workspace requirements. Choose the pre-engineered catalog number designated to that description. Example = **680C**

Step 2

Select Housing Color (see below)
Enter **LETTER** designation

Step 3

Select Drawer Color (see below)
Enter **LETTER** designation

Step 4

Select Locking System (see below)
Enter **250** for **SINGLE** drawer access
or
Enter **251** for **MULTIPLE** drawer access

Step 5

Select Layout Kit Configuration (see pages 8-9)
LEAVE BLANK for no layout kits
Enter **3** for layout kits factory installed

49 Cabinet/Drawer-Door Color Combinations

Example

The catalog number for the pre-engineered cabinet shown in the illustration above features a "Wedgewood Blue" housing with "Dove Gray" drawers, single drawer access locking system and layout kits installed would be:

BD250680C3

Additional Examples

2 Different Locking Systems

Single Drawer Access 250 Cabinet Series

Automatically locks unopened drawers when one drawer is pulled out, preventing accidental tipping.
The only "True-Interlock" in the industry.

Multiple Drawer Access 251 Cabinet Series

Provides access to multiple drawers, and is an economical alternative, but requires proper anchoring to prevent accidental tipping.

Both styles include a keyed lock with 2 keys, pre-punched anchoring holes, and fastener kit. Cabinets can be anchored to each other, to a wall, or to the floor.

Modular Drawer Cabinets

Pre-Engineered Drawer Layout Kits Standard 30" Wide

Layout kits establish multiple sized compartments in various sized drawers, using partitions and dividers.

Usable Height

To identify compartment height available, locate the "Usable Height" dimension for the specific drawer number listed in the chart below.

Drawer Number	40	50	60	70	80	90	100	110	120	130	140	150	160	170	180
Usable Height	2-1/4"	3"	3-7/8"	4-5/8"	5-3/8"	6-1/4"	7"	7-3/4"	8-1/2"	9-3/8"	10-1/8"	10-7/8"	11-3/4"	12-1/2"	13-1/4"
Drawer Size	SMALL		MEDIUM		LARGE			EXTRA LARGE							

Compartment Size

To identify an individual compartment size, locate the numbers in the illustrations and convert them to the dimensions listed in the chart.

Compartment Size	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17
Dimension	1-7/8"	2-11/16"	3-1/2"	4-1/4"	5-1/16"	5-7/8"	6-11/16"	7-1/2"	8-1/4"	9-1/16"	9-7/8"	10-11/16"	11-1/2"	12-1/4"	13-1/16"
Compartment Size	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32
Dimension	13-7/8"	14-11/16"	15-1/2"	16-1/4"	17-1/16"	17-7/8"	18-11/16"	19-1/2"	20-1/4"	21-1/16"	21-7/8"	22-11/16"	23-7/16"	24-1/4"	25-1/16"

Modular Drawer Cabinets

Pre-Engineered Overhead Units Standard 30" Wide

- Provides additional bulk storage above cabinets
- Flat bottom attaches directly to cabinet top below (no drilling — fasteners supplied)
- Shipped pre-assembled to lower cabinet if ordered together

Standard (30" Wide)

Base shelf and adjustable shelf without base channels

■ ■ 2512701050

Base shelf and adjustable shelf behind lockable swing door without base channels

■ ■ 2512701055

Base shelf and adjustable shelf without base channels

■ ■ 2513501050

Base shelf and adjustable shelf behind lockable swing door without base channels

■ ■ 2513501055

Example

2512701050

25068010063

Modular Drawer Cabinets

Pre-Engineered Work Benches

- Kit includes panel leg, adjustable footrest, and work surface
- All work surfaces are 30" deep
- Kit can be assembled to either side of cabinet
- Field installed only

Step 1 - Modular Drawer Cabinets

Choose one of the pre-engineered cabinets from our Desk High, Table High, Bench High or Mid-Range High selections on page 6.

Note: Consider cabinets with 251 locking (Multiple Drawer Access), since tipping is highly unlikely.

Step 2 - Work Bench Kit

Match the cabinet to the cabinet height of the kits in the table to the right. Choose the work surface for your work bench. *Note: The part number chosen in Step 1 combined with the part number chosen in Step 2, creates a Work Bench.*

Laminate = Particle board core with plastic laminate cover.

- Ideal for light-duty applications
- 180° soft edge, chip resistant
- Color = Putty
- 1-5/8" Thick
- 800 lb. capacity

Shop Top = Medium density fiberboard core with particle board surface

- 40% harder work surface than hardwood
- Resistant to conventional liquids
- 1-3/4" Thick
- 1,100 lb. capacity

Steel = 12 Gauge formed panel with reinforcing channels.

- Ideal for heavy-duty maintenance work
- 1-3/4" Thick
- 1,700 lb. capacity

Hardwood = Solid-laminated with rounded edges and sealed finish.

- Ideal for precision work
- Sealed Kiln-dried hardwoods
- 3/16" radius edges
- 1-3/4" Thick
- 5,000 lb. capacity

Stainless = 16 Gauge formed stainless steel cover over hardwood.

- For the ultimate workbench application
- 1-13/16" Thick
- 5,000 lb. capacity

Custom lengths available on special request.

Please note: catalog numbers do not include cabinet. (see step 1).

- Reinforcing K-brace welded to the door frame delivers added strength and proper door alignment
- 13-gauge diamond shaped steel mesh stands up to heavy use
- Adjustable shelves bolt into holes spaced from 8 $\frac{3}{4}$ " at bottom to 8 $\frac{3}{4}$ " from top
- Full length door has three-point latching system with cam-locking system and chrome plated handle
- Overall Size: 24" w x 21" d x 78" h

No. 1130

Steel Shelving

36" Wide 8000 Series Storage Shelving Units

All pre-engineered sections are 36" wide, 84" high, with shelves adjustable on 1/2" centers. For double row, back-to-back installations, use economical open back shelving on one side, common backs of closed shelving sections on the other side. Some assembly required.

Open Shelves - high visibility is ideal for storing packaged stock, and other material without assigned shelf locations. Lapped and welded shelf corners provide added strength and durability.

Closed Shelves protect packages and unboxed items from dust, sunlight and other contaminants. Divide work or storage space into separate areas.

No. of Shelves	36" w x 12" d x 84" h		36" w x 18" d x 84" h		36" w x 24" d x 84" h		36" w x 12" d x 84" h		36" w x 18" d x 84" h		36" w x 24" d x 84" h

Steel Shelving

Storage and Display Bin Units

- Shelves adjust up or down every 1 1/2" where dividers are not used
- Labelholder flanges turn down to form clear openings, or where needed to form 7/8" high bin fronts
- Dividers adjust horizontally every inch using "snap-ins" – no nuts, bolts or tools required
- Overall size: 36" w x 12" d x 78" h

Each plastic bin includes two adjustable dividers

Wire Storage

Chrome Plated Wire Shelving

- Gain access from all four sides with maximum ventilation
- Wire construction reduces dust build-up and enhances sprinkler areas for fire safety
- Lustrous chrome finish maximizes corrosion resistance
- Wire-over-wire waterfall shelf construction
- Double-lock™ post inserts assure rigidity and unit integrity
- Digital posts provide accurate leveling of shelves, which are adjustable on 1" centers
- Fast "drop-and lock" assembly
- 4-shelf units are available in Commercial Grade or Industrial Grade
- 3-shelf units are available in Commercial Grade and feature extra deep shelves

Features

Patented Double Truss design with waterfall front features surface-to-surface welds.

Storage Rack

Pallet Rack

Expand your useable storage space while maximizing all available space within your building – both horizontally and vertically.

Lyon's teardrop design features a roll form welded upright and is totally interchangeable with all major teardrop-style products on the market today.

Tough, Durable, Smooth Finish features our baked-on powder epoxy finish which gives an appliance-like finish that is impact and corrosion resistant.

Available in stock:

- Gray – Upright Frames/Accessories
- Safety Orange – Beams

HOW TO ORDER PALLET RACKS

Step 1

Select Upright Frames (see page 28)

Add the following figures:

- Height of pallet loads (including pallet)
- + Height of shelf beam
- + 4" Min. vertical clearance for each pallet load

Sum of above dimensions = rack height

For uppermost load level, location of shelf beam should be 6" less than fork truck's maximum lift height. Top of beams need to be at even increments.

Step 2

Select Beams (see page 29)

Shelf length equals the distance between uprights. It is determined by adding the widths of pallet loads plus a 5" side clearance between upright and pallet and 6" between pallet loads.

Shelf beam capacities are based on a pair of beams supporting an evenly distributed load.

Beams over 120" in length should be tied together with the appropriate front-to-back support (see page 30) to maintain proper spacing at each storage level.

Step 3

Select Decking (see page 29)

Select Decking based on style needed:

- Solid Panel Decking
- Wire Decking

Step 4

Select Accessories (see page 30)

Storage Rack

Pallet Rack - Upright Frames

Upright Ordering Information

- Choose Light, Medium, Heavy-Duty or Extra Heavy-Duty stock uprights to suit your storage requirements:
 - » Light-Duty upright posts are 13-ga - 3"w x 1-5/8"d
 - » Medium-Duty upright posts are 13-ga - 3"w x 3"d
 - » Heavy-Duty upright posts are 12-ga - 3"w x 3"d
 - » Extra Heavy-Duty upright posts are 10-ga - 3"w x 3"d
- Two frames are required per bay, and any number may be joined together in continuous row applications
- Available in Dove Gray

Uprights conform to the latest standards set by Rack Manufacturers' Institute LRFD Specifications.

Unique Design - Roll formed upright provides greater strength-to-weight ratio. Minimum-sized slots mean more steel per upright. Uprights structures are 100% mig-welded with precision K-brace and heavy-duty cross channel reinforcement for increased strength, rigidity and resistance to abuse.

Easy Adjustment - Tapered keyhole slots on 2" centers, provide quick, easy vertical adjustment of beams. There are no "dead spots" or obstructions in upright posts to impede movement of beam along the entire height.

Interchangeable - Lyon pallet rack fits with other traditional teardrop designs. That means you can upgrade damaged, weak, or worn out uprights and beams with our versatile rack. No need to change your whole system.

Step 1

Select Upright Frames

1. Compute total frame capacity needed to satisfy your load requirements.
2. Determine height required from floor to first beam or maximum beam spacing. This will be referred as "Largest Beam Span".
3. Refer to the **Upright Capacity Table and Chart** below. Locate the dimension from floor to first beam or maximum beam spacing between two levels. From the beam spacing dimension, move vertically up the chart to the desired capacity required for your upright. This will identify if the upright is Light, Medium, Heavy, or Extra Heavy-Duty.

4. Using the required depth and height of the upright for the corresponding type identified in Step 3, select the appropriate catalog number from the table.

Frame Height	30" deep Cat. No.	36" deep Cat. No.	42" deep Cat. No.	48" deep Cat. No.
Light-Duty Upright Frames ("L" Post)				
96"	**	U3509636	U3509642	U3509648

Storage Rack

Pallet Rack - Beams

Beam Ordering Information

- Roll-formed beams feature an integrated 1⁵/₁₆" step for decking and are totally enclosed for clean applications
- Heavy-duty rivet-type connectors engage upright wedge slots for increased holding power
- Beams are easy to assemble, disassemble, and relocate
- Available in Safety Orange

Three-Point Safety Catch – Each beam has 3 rugged studs (4 on heavy-duty) that engage the tapered keyhole slots in the

upright with a compression fit. Integral safety lock automatically locks into place when beam is properly seated.

Step 2

Select Beams

1. Determine load weights per pair of beams.
(Two 2,500 lb. pallet loads = 5,000 lb. beam capacity).
2. Determine length of beam required based on load width and minimum clearances.
(Minimum clearance between pallets and pallet and upright is 4", or for two 48" pallets, a total of 12". Use 108" beam).
3. Refer to desired beam length and move across table to rated capacities.
(For 108" beam and 5,000 lb. load, select beam B6500108).

Clear Span	Height of Beams	Cap. (lbs.) per pair	Cat. No.
96"	3 ⁵ / ₁₆ "	3,510	B6331096
96"	4 ³ / ₁₆ "	5,372	B6418096
96"	5 ¹ / ₂ "	7,809	B6550096
108"	3 ⁹ / ₁₆ "	3,206	B6356108
108"	4 ³ / ₁₆ "	4,431	B6418108
108"	5"	6,126	B6500108
108"	5"	7,010	B4500108
108"	6"	9,020	B4600108
120"	5"	6,020	B4500120
120"	6"	8,114	B4600120
144"	5 ¹ / ₂ "	5,201	B4550144
144"	6"	9,010	B2600144

Beams 120" long and greater should be tied together with at least one front-to-back support except when solid decking panels are used.

Beams conform to the standards set to the latest Rack Manufacturers' Institute LRF D Specifications.

Step 3

Select Decking

Solid Decking Panels

Heavy, 14-gauge panels feature three 3" x 1⁵/₁₆" x 14-gauge hat channels welded to the underside for maximum strength and durability. Panels drop into place to provide a solid deck surface.

W x D	Capacity	Cat. No.
Solid Decking Panels		
48" x 30"	11,865 lbs.	DP4830
60" x 30"	11,865 lbs.	DP6030
48" x 36"	8,247 lbs.	DP4836
60" x 36"	8,247 lbs.	DP6036
48" x 42"	6,057 lbs.	DP4842
60" x 42"	6,057 lbs.	DP6042
48" x 48"	5,198 lbs.	DP4848
60" x 48"	5,198 lbs.	DP6048

Wire Decking

Heavy-duty waterfall decking features a 2¹/₂" x 4" 6-gauge wire mesh with 13 gauge steel channels for safe, durable storage and ease of installation. Meets all fire and safety regulations.

Wire decking sizes necessary to fit Lyon pallet rack

Beam Width	Wire Decking Sizes
90"	(2) 44"W
96"	(2) 46"W
102"	(1) 46"W and (1) 52"W

Storage Rack

Pallet Rack Accessories

Step 4

Select Accessories

(A) Front-to-Back Support

Reduces the likelihood of inaccurately placed pallets falling through.

(B) Plywood Support Channel

To support plywood or other decking material, or as front-to-back member between beams.

(C) Skid Support

Provides secure, easily adjustable base for skid runners.

(D) Fork Entry Bar

Solid base and proper fork clearance for non-palletized loads.

(E) Drum Cradle

For safe storage of cylindrical items. Welded unit fits securely on beams.

(F) Impact Support

Provides extra protection against abuse. Bolt on to floor only. Finish is Safety Yellow.

No. IS12A - 12" high

No. IS24A - 24" high

No. IS36A - 36" high

No. IS48A - 48" high

Upright Anchor

Optional wedge-type anchor can be used to secure column posts. 1/2" dia. x 3 3/4" long.

No. 25163

(G) Shim Plate

Nests under footplate. Unpainted.

No. SM3

(H), (I) Row Spacers & Wall Ties

Row spacer provides a stabilizing connection for back-to-back rows of racks; wall ties provide stability and consistent spacing from the wall. Galvanized construction resists rust and corrosion. Two spacers recommended for each pair of uprights. Bolts included.

Dimension	Row Spacer Cat. No.	Wall Tie Cat. No.
Row-and-Wall Support		
4" Long	RS04	WS04
6" Long	RS06	WS06
8" Long	RS08	WS08
10" Long	RS10	WS10
12" Long	RS12	WS12
18" Long	RS18	WS18

Reel Support Bracket

Converts standard rack to reel or coil rack. Axle not furnished. Accommodates axle pipe or rod up to 2" O.D. 2,000 lb. capacity per bracket.

No. RSL - Left Hand

No. RSR - Right Hand

Dimension	Capacity	Cat. No.
Front-to-Back Support		
30" Deep	2,450 lbs.	FTB4330
36" Deep	1,890 lbs.	FTB4336
42" Deep	1,535 lbs.	FTB4342
48" Deep	1,300 lbs.	FTB4348
Plywood Support Channel		
30" Deep	2,475 lbs.	PW30
36" Deep	1,910 lbs.	PW36
42" Deep	1,550 lbs.	PW42
48" Deep	1,310 lbs.	PW48
Skid Support		
30" Deep	760 lbs.	SC30
36" Deep	635 lbs.	SC36
42" Deep	550 lbs.	SC42
48" Deep	475 lbs.	SC48
Fork Entry Bar		
30" Deep	8,352 lbs.	FEB30
36" Deep	6,960 lbs.	FEB36
42" Deep	5,966 lbs.	FEB42
48" Deep	5,220 lbs.	FEB48
Drum Cradle		
30" Deep	4,650 lbs.	DCB30
36" Deep	3,750 lbs.	DCB36

NOTE: Load-carrying capacities for individual accessories listed are based on evenly distributed loads and are limited by the support capacity of the beams and/or upright assemblies. When skid supports, fork-entry bars and/or front-to-back supports are used to support the load, the weight is not evenly distributed to the beam and, therefore, beam capacities are reduced significantly.

Storage Rack

Bar, Pipe and Rod Rack

All models feature heavy-duty arms with 450 lb. capacity (6,000 lbs. per upright maximum) that can be adjusted every 1 1/2", with spacing as close as 7/2".

Color Selection

- In Stock**
- DD** Dove Gray
- Also Available**
- PP** Putty
- BB** Wedgewood Blue

Join multiple racks to create storage for any length item.

Single-Face Rack

Designed for use against walls with arms and base on one side of uprights. Brace panels and cross braces included. Overall size: 36"w x 21 7/8"d x 79 1/4"h

- No. 3700S** – Starter
- No. 3700** – Add-On
- No. 3701** – Knocked Down Rack End converts Add-on into Starter

Double-Face Rack

Designed for free-standing use with arms and base on both sides of uprights. Brace panels and cross braces included. Overall size: 36"w x 33 3/4"d x 79 1/4"h

- No. 3710S** – Starter
- No. 3710** – Add-On
- No. 3711** – Knocked Down Rack End converts Add-on into Starter

Note: 8' high units are supplied with 4 arms and 10' high units are supplied with 5 arms.

Pre-Engineered 72" Wide Cantilever Rack

Wide, open rows allow proper load support and easy access for bulky, irregular, long and odd-shaped items at a low cost.

- All are 72" wide from center post to center post
- Choose single or double faced models in regular or heavy-duty strengths
- Arms are adjustable on 3" centers, and are available in lengths from 18" to 48"

Optional Canted Arm (Mfg. orders only)

Upright Frames, Brace Set Kits and accessories available in Gray. Arms available in Safety Orange.

Safety Storage

Flammable Liquid Cabinets

- Conforms to NFPA Fire Code No. 30 and OSHA standards
- Adjust or add shelves to accommodate different size, or additional containers
- Cabinets are offered in 3 sizes:
Under-Counter Cabinets; stand alone storage
Standard Cabinets; stand alone storage, base for stackable compact cabinets
Compact Cabinets; hangable, stackable or mountable

Polyethylene Shelf Tray Liners

These replaceable, leakproof 2" deep trays offer additional protection with a slightly raised curved edge to contain spills.

Safety Storage

HazMat Response Cabinets

Organize and store your spill containment/ HazMat response equipment on the shop floor, close to the areas at greatest risk. Safety experts agree that rapid response to a HazMat emergency can greatly reduce risk exposure and collateral damage

- Shelves adjustable on 2" centers
- Double doors swing full 180° for maximum access
- 3-point locking device
- Shipped fully assembled, ready to use
- Safety yellow finish
- Overall size: 36"w x 24"d x 78"h

No. 5460HM – Cabinet with 4 shelves

No. 5461HM – Cabinet with center partition, coat rod, full width shelf and 4 half shelves (permits storage of HazMat response apparel on hangers)

5460HM

5461HM

All-Welded Clearview Cabinet

Quickly evaluate supply inventory without even opening the doors.

- All-welded, 14-gauge construction
- Clearview cabinets feature heavy-duty 3/16" thick Lexan® door inserts
- 14-gauge flanged shelves are adjustable on 3" centers
- Rugged cast iron handle features a 3/8" thick padlock hasp
- Three heavy-duty 5/16" brass pin hinge plates welded to each door
- Additional shelves are available for customized configurations
- 4" high welded on legs
- Forklift base allows for easy movement anywhere in your facility

Safety Center

- Includes four full-width shelves
- Yellow finish only
- Overall Size: 48"w x 24"d x 82"h

No. 1120SC

Extra 48"w Shelf for 1120SC

No. 1161

Tool Storage

Industrial Tool Storage

featuring
**THE MOST VERSATILE
DRAWER ASSORTMENT**

Full access pull out drawers provide quick and easy tool selection.

Includes:

- 10 Drawer Top Chest No. 1466
 - 11 Drawer Roller Cabinet No. 1476
 - 8 Drawer Side Cabinet No. 1467
- No. 1500**

featuring
**BULK STORAGE
COMPARTMENT**

Storage shelf and space for medium sized power tools and accessories

Includes:

- 10 Drawer Top Chest No. 1466
 - 8 Drawer Roller Cabinet No. 1477
 - 8 Drawer Side Cabinet No. 1467
- No. 1501**

featuring
PULL OUT PANEL DRAWER

Innovative pull out drawer provides deep drawer and hanging panels for specialty tools. *Tools not included.*

Includes:

- 8 Drawer Top Chest No. 1465
 - 8 Drawer Roller Cabinet No. 1478
 - 8 Drawer Side Cabinet No. 1467
- No. 1455**

**COMPONENT
SPECIFICATIONS**

Industrial Tool Storage

- 40" wide roller cabinet
- Gas cylinders control top lid
- Heavy-duty side handles
- Ball bearing drawer slides
- Extra strength rolled drawer edges
- 5" x 2" heavy-duty casters – 2 swivel locks and 2 fixed
- Welded bottom frame of roller cabinet
- Protective drawer liner in every drawer
- Center lock on each unit for security
- Roller and side cabinets have a rubber mat on top surface
- Anodized aluminum drawer pulls
- Superior red powder coat finish

Steel Lockers

Single-Tier Lockers are widely used to provide ample storage for full length garments with shelf space for books, electronics, lunches, etc.

Double-Tier Lockers are designed for short coats and backpacks.

Triple-Tier Lockers save valuable floor space while providing over 2 cu. ft. of storage.

Multiple Tier Lockers Provide high density storage for individual belongings and supplies. Great in classrooms, laboratories, gymnasiums, sports and recreational facilities, and more.

Steel Lockers

Six Tier Multi-User Employee Lockers

Lyon multi-user lockers with Digilock SES locks allow employee lockers to be shared by multiple shifts, therefore reducing the number of lockers and real estate required for the lockers, while providing a significant deterrent to employee theft.

- Lockers can be audited by using the management bypass key
- Lockers can be shared between shifts
- Digital locks are programmed to unlock after 12 hours of non-operation
- Shipped set up

Features

With Digilock, when a lock is unlocked, it is considered available and can be locked with any 4-digit code by any employee. Digital locks are programmed to unlock after 12 hours of non-use to prevent a user from taking over a locker after a shift.

- **Loss Prevention** - Lockers can be audited by using the management bypass key
- **Shared use** - Lockers can be shared between shifts
- **Reduces** the total number of lockers required at a facility
- Digital locks are **programmed to unlock** after 12 hours of non-operation
- **Low cost** retail solution that quickly pays for itself within the first few months of implementation
- Helps **deter employee theft** as lockers can be audited at any time without disturbing the user code
- **Eliminates** lost keys, unavailable lockers, bolt cutters and the waste of management's time

NOTE: In the interest of safety, Lyon strongly recommends that lockers be floor and/or wall anchored. See page 45 for important locker anchoring information.

Steel Lockers

Antimicrobial Lockers

Antimicrobial lockers are recommended for healthcare, food processing facilities, and educational facilities of all types.

Antimicrobial steel lockers provide continuous, residual protection against the touch transfer of bacteria on the locker surface, as well as colonization of mold and bacteria in locker corners, seams and on hidden surfaces behind and under the locker.

- Agion™ antimicrobial advanced powder technology
- 20+ years of antimicrobial protection
- Single and double tier openings
- Other sizes available upon request

Antimicrobial Lockers Feature:

- Antimicrobial coating
- Recessed handles
- Smooth fronts (no louvers)
- Sloping tops and
- E-Zee™ closed bases

NOTE: E-Zee™ Base ships knocked down. Some easy assembly is required.

How Does it Work?

Any moisture triggers the controlled release of powerful silver ions (see charts) to provide superior antimicrobial protection for decades. The antimicrobial compound is completely inorganic, less toxic than ordinary table salt, less irritating than talcum powder, and has been approved by the EPA, FDA and NSF for medical devices and food contact applications.

NOTE: In the interest of safety, Lyon strongly recommends that lockers be floor and/or wall anchored. See page 45 for important locker anchoring information.

Locker Accessories

Locker Accessories

Anchoring Systems

Important: In the interest of safety, Lyon strongly recommends that lockers be floor and/or wall anchored.

Anchoring Angle

For Lockers Without Legs

Locker Anchoring Angles (running from front to rear on the inside bottom of the locker) provide a bearing surface for the fasteners which are connected to the floor or locker base. Order one locker anchoring angle for each end of a row, plus sufficient quantity to provide angles on 36" centers. On single-row installations where backs are against a wall, lockers should be suitably wall anchored.

- No. 5872** – For 12"d lockers
- No. 5873** – For 15"d lockers
- No. 5874** – For 18"d lockers
- No. 5875** – For 21"d lockers

For more details – see assembly instructions packed with lockers.

Locker Foot

For Lockers With Legs

When backs are exposed (free-standing) a locker foot is recommended for all locker legs. When backs are against a wall and suitably wall anchored, locker feet are recommended on front legs only.

Safe-O-Mat Locking System

DigiLock

Flat-Key Locks

Master-Keyed Built-in Combination Lock

Master-Keyed Combination Padlock

Lock Options

Can be used with all locker handles, and retrofitted to existing installations.

Safe-O-Mat Locking System – A coin-deposit locking system. Designed to be installed like a built-in combination lock. Can be retrofitted to most existing lockers. Available from manufacturing schedules only.

DigiLock can be locked with any 4-digit code by any employee. Digital locks are programmed to unlock after 12 hours of non-use to prevent a user from taking over a locker after a shift.

Flat-Key Locks – Same lock fits all Lyon Lockers except Personal Effects & ExchangeMaster®. Easy to install and furnished with two keys. **No. 7020**

Built-in Combination Locks – Five combinations per lock with master key for emergency access.

Combination Padlocks – For use with Tamber Guard Handles, Single Point Latching Systems, Recessed Handles and Pull Handles.

Locker Accessories

Top and Front Fillers

Used to close space between two lockers when obstruction prevents installation of a locker. Can be furnished on flat or sloping tops.

Steel Lockers

Integrated Frame All Welded Lockers IFAW

Solidly built to deliver years and years of trouble-free service, these top-of-the-line lockers satisfy a wide variety of requirements – including applications in scholastic, athletic and industrial facilities.

- M.I.G. welded 16-gauge steel bodies with heavy-duty 14-gauge steel doors
- Lyon integrated frame construction adds strength and rigidity for longer life
- 18-gauge reinforcing panels welded to inside door facings
- Durable, recessed, zinc alloy handles with snag-free nickel plated finish include padlock attachment (padlocks not included)
- Optional built-in locks available with wrap around technology
- Diamond-shaped perforations are standard
- Available with mini-louvers or no louvers (special order)

Color Selection

In Stock

DD Dove Gray

Additional colors are available upon request

ALSO AVAILABLE

Three, four, five and six-tier all-welded selections also available from manufacturing schedules and are standard with single point recessed handles.

NOTE: In the interest of safety, Lyon strongly recommends that lockers be floor and/or wall anchored. See page 45 for important locker anchoring information.

Steel Lockers

Expanded Metal Lockers

Expanded metal lockers provide ideal clothing/uniform storage. Reduces odor through ventilation. Visual inspection encourages neatness and discourages storage of unauthorized articles.

- Heavy-duty 13-gauge steel diamond mesh construction
- Diamond-shaped steel mesh on front and sides provides air circulation
- Handles have built-in padlock attachment and may be equipped with built-in locks (locks not included)
- Single, double, and triple tier have turn handles with 3-point lock rod latching system
- Shipped knocked down or all-welded construction

1 "Set Up" means product ships fully assembled. "K.D." means knocked down, ships flat and assembly is needed.

Reinforcing K-brace welded to the door frame provides additional strength

Single Tier Lockers - One double-prong coat hook under the storage shelf with three single-prong coat hooks.

24" Wide Team Lockers - One double-prong coat hook under the storage shelf and four single-prong hooks.

Double Tier Lockers - One double-prong ceiling hook and 3 single-prong hooks per opening.

Six Tier Lockers - All doors have a combination door pull-padlock hasp. Doors have 17/32" x 1 1/16" diamond shaped perforations. Sides are 13-gauge diamond-shaped steel mesh.

Work Stations

Pre-Engineered Assembly Work Stations and Electronic ESD Work Stations

- Adjustable steel channel-legs with levelers, provide bench heights from 27¼" to 36¼" (add 1½" for top)
- Ideally suited for all types of assembly operations, as well as office, school and commercial use
- Electrical knockout on each leg
- Laminate tops have 180° soft front edge for worker comfort
- Utility drawer includes sliding tray and padlock attachment

Color Selection

Main components consisting of legs, stringer, shelf, drawer housing and riser supports are Wedgewood Blue.

Tops, instrument shelves, & drawer fronts can be ordered in either:

Features

ESD Static Dissipative is a solid-laminate. 180° soft edges and sealed finish with surface resistivity of 10⁶ to 10⁹ OHMS, 100 volts.

- Includes ground cord
- 1½" Thick

Laminate tops have particle board core with laminate cover, offering 180° soft edge with chip resistant.

- 1½" Thick

- Leg levelers afford easy adaption to uneven flooring for stability
- 9" adjustment range

Work Benches

Steel Flared Leg Work Bench

- Leg Height is 32 1/4" high, add for top thickness
- Heavy channel steel flared legs provide sturdy base for a variety of bench work tasks
- Steel cross members welded between each upright add strength and rigidity
- Base plates punched for floor bolts provide 24 square inch floor bearing surface per leg

Color Selection

Shop Desks and Cabinets

Steel Shop Desks and Cabinets

All shop desks and cabinets feature heavy-gauge steel tops, sides and legs.

Cabinet Desk

- Same features as Shop Desk but with large bottom cabinet-type storage area that is fully lockable
- Right-hand cabinet door has chrome plated handle with built-in 3-point locking device

No. 2251 – 34½" w x 27¾" d x 52½" h

Wall Desk

- Attaches to any wall, building or shelving rack end
- Includes storage compartment under lift-top. Built-in lock for security
- 2 supporting braces are included

No. 2253 – 24½" w x 23⅝" d x 11¾" h

Shop Desk

- Writing surface, storage space, and lockable compartment
- Heavy-duty lower shelf is bolted in place
- Drawer is 22¾" w x 27½" d x 3½" h
- Overall Size: 34½" w x 30" d

No. 2250 – without casters

Mobile Shop Desk

- Swivel casters are 2½" in diameter. Front casters nearest to user have foot-controlled locking lever. Adds 3" to height

No. 2254 – with casters

No. 2256 – replacement casters (4)

The Adjustable Height Leg

Set the desk front height from 36⅝" to 42⅞" – with intermediate adjustments at 37⅞", 39⅞" and 41⅞". (Add 3" for casters on mobile desk – legs on cabinet desk are fixed.)

Tool Stand Cabinet

- Sturdy, small work surface and space to lock up valuables
- 3 shelves adjust every 2"
- Built-in lock. Chrome-plated handle
- Top reverses for flat working surface

No. 3010 – 21¼" w x 15¼" d x 33½" h

No. 3150 – Set of casters for No. 3010

Hanging Cabinet

- Sides and back punched every inch for 2½" pegs
- 2-point latching device with padlock attachment (padlock not included)
- Includes shelf, socket tray and 18 pegs

No. 3020 – 24" w x 12" d x 35" h

Pre-Engineered Modular Shop Desks

- Heavy-duty steel construction stand-up desks
- Hasps on drawers accept padlocks (not included)
- Optional key-locks for cabinets
- Overall Size: 34⅞" w x 20" d x 48⅞" h, with desk top height of 41⅞"

Three Drawer Cabinet/Desk

- 3 low-profile drawers
- Cabinet w/adjustable shelf & end support assembly

No. 2259

Four Drawer Cabinet/Desk

- 1 low-profile drawer
- 3 double height drawers.
- Cabinet w/adjustable shelf & base

No. 2257

Four Drawer Desk

- 2 low-profile drawers
- 2 double height drawers
- Base & end support assembly

No. 2255

Five Drawer Desk

- 1 low-profile drawer
- 3 "Perfect-Fit" drawers
- 1 double height drawer
- End support assembly

No. 2258

All-Welded Stools, Work Stools and Trolleys

All-Welded Stools

All stools come with large, comfortable seats with rounded corners, perforated for ventilation. Also included is a strong channel brace foot rest. Legs come pre-punched for channel leg extension.

400 lb. rating based on all four legs on flat even surface. Tilting the stool back onto two legs and the consequential bending of those legs negate the warranty and compromise the overall capacity rating.

400 LBS CAPACITY

ACCESSORIES AND RELATED PRODUCTS

Swivel Casters
Dyna-Tred Santoprene casters give a cushioned ride. Increases height of stool 2³/₈". 2" diameter wheel.
No. 1962

Pressed Wood Seat
Tempered for strength. Fits flush with face of seat. Will not warp, splinter or absorb moisture. Low profile nylon clips secure seat without discomfort. 13¹/₈" square, 1/8" thick.
No. 1955

Steel Backs
Attaches to bottom of steel seat. Adjusts from 8" to 10" above seat. Curved back for more comfort. 13¹/₈" w x 4¹/₂" h.
No. 1950

Seat & Back Cushions
3/4" cut polyfoam rubber with black vinyl cover. Meets CA (117-75) and Dept. of Commerce (191-53) flammability regulations.
No. 1951 - Back cushion
No. 1956 - Seat cushion

Contoured Upholstered Operational Chair

- Extremely durable, abrasion resistant fabric
- 1,000,000 double rubs
- Extra large 3" thick molded foam seat 20"w x 18"d
- Extra large backrest 16"w x 15"h
- Backrest angle adjusts 20° and height 5" with convenient lock-down knobs

No. 2045FG – Gray Fabric

Standard Clean Room Chair

- Padded foam seat 16½"w x 16½"d
- Backrest 14¾"w x 8¾"h
- Backrest depth adjusts 3"

No. 2043CRN - Standard Chair

No. 2071CR - Clean Room Casters

Clean Room Seating

Lyon Clean Room Seating has all the features and construction of other ergonomic seating, only it is specifically designed for the demands of a clean room environment. The self-skinning microcellular seats and backs prevent dirt from penetrating into the foam, ideal for controlled environments. Prepared for shipment per Federal Standard 209B specifications. Also meets all Class 10 requirements.

- Seat height adjustable between 19" to 27", through pneumatic lift
- Adjustable 20" diameter chrome foot ring
- Five-leg 24" diameter base of polished aluminum
- ESD glides reduce dirt build-up
- 300 lb. capacity

ESD Operational Seating

All components, integrated into one complete circuit, enable static electricity to be discharged through glides in base of chair. Each chair tested before shipment.

- Seat height adjustable between 19" to 27", through pneumatic lift
- ESD seat and back fabric has copper fibers and special ESD treatment, Scotchguarded and exceptionally durable
- Standard fabric color is graphite (gray)
- Conductive glides
- 300 lb. capacity

Standard Upholstered ESD Chair

- Abrasion resistant fabric
- Large 2½" thick molded foam seat 18"w x 18"d
- Large backrest 15"w x 11"h
- Backrest depth and height adjusts 3"

No. 2054N

Deluxe Multi-Function Upholstered ESD Chair

- Extremely durable, abrasion resistant fabric
- Extra large 3" thick molded foam seat 20"w x 18"d
- Extra large backrest 16"w x 15"h

No. 2056N

Guard-Rail Systems

Protective Guard-Rail Systems

Reduce machinery downtime, inventory losses and work-related injuries with the Protective Guard Rail System. Heavy duty columns and rails form protective barriers for in-plant work areas, office walls, doorways, building passages and driveways.

Color Selection

- TY** Safety Yellow
Rails and Accessories
- TB** Blue
Column Posts

Pre-Engineered Single Rail Sections

For basic systems, simply start with the appropriate Starter rail, then add Add-Ons as necessary. All rails are 12" high, with 18" high columns.

Cat. No.	Nominal Length*	Beam Length*	Type
40100	10'	9'8"	Starter
40110	10'	9'8"	Add-On
40120	6'	5'8"	Starter
40230	6'	5'8"	Add-On

*NOTE: Lengths shown are center to center.

Guard-Rail Components/Options

Guard Rails

Use with columns to custom-build protective barriers for your operations. All lengths shown are 12" high.

- No. 40004** – 4' long nominal, 3'8" actual
- No. 40005** – 5' long nominal, 4'8" actual
- No. 40006** – 6' long nominal, 5'8" actual
- No. 40007** – 7' long nominal, 6'8" actual
- No. 40008** – 8' long nominal, 7'8" actual
- No. 40010** – 10' long nominal, 9'8" actual

Column Posts

Use single columns for single rail applications, dual for two rails, and triple for full 42" high protection.

- (A) No. 40003** – Triple, 42" high
- (B) No. 40002** – Dual, 42" high
- (C) No. 40000** – Single, 18" high

Bollards

Use to protect dock doorways and building passages. Also great to direct traffic flow. 42" high, 6 5/8" diam. x 1/4" thick.

No. 40026

Flared Ends

Deflects vehicular traffic impact. 10 ga. 10" high, 9 1/8" long.

No. 40024

Corner Guards

Add protection for office and wall corners. Full gussets to withstand impact. 4 1/2" diam. x 1/4" thick. 18" height.

No. 40020
