**NEXEL** OFFERS FINISHES DESIGNED TO MEET THE REQUIREMENTS OF A WIDE RANGE OF STORAGE ENVIRONMENTS. EACH PROVIDES EXCEPTIONAL DURABILITY AND LASTING GOOD LOOKS. WHETHER YOUR NEEDS ARE ONE-FOLD OR VARIED, WE OFFER A FINISH THAT WILL COMPLIMENT YOUR WORKING CONDITIONS.

EP SERIES

Attractive And Economically Priced

EP SERIES finish consists of a silver epoxy powder coat over a rust inhibiting undercoat. It is NSF listed for both wet and dry applications. This attractive and economically priced finish comes with a limited three-year warranty against rust and corrosion.

POLY-Z-BRITE ™

TEN YEAR LIMITED WARRANTY Against Rust

POLY-Z-BRITE features a true powder-epoxy over zinc-chromate electro-plating that ensures a strong durable finish that resembles the look of chrome, yet handles temperature and moisture extremes even better. Ten Year Limited Warranty against rust and corrosion. Ideal for dry storage, coolers and freezers. Includes NEX**Gard**, an anti-microbial agent that protects the epoxy coating from bacteria, mold and mildew that causes stains, odors and product degradation.

NEXELON ™

LIMITED LIFETIME WARRANTY Against Rust

NEXELON is the top of the line finish. We are so confident about the quality of this revolutionary finish, that it comes with a Limited Lifetime Warranty against rust formation. **NEXELON** is protected by NEX**Gard**, an anti-microbial agent that protects the epoxy coating from bacteria, mold and mildew, that causes stains, odors and degradation. Use throughout facility, handles all environmental conditions.

CHROME

A Brilliant Finish For The High-Tech Look

CHROME is electro-plated nickel-chrome resulting in a brilliant high gloss finish. It is a quality finish that is both hard and durable with a high tech look at an economical price. This industry standard has proven to be a favorite and perfect for display and dry storage.

STAINLESS STEEL

Excellent Resistance To Rust And Corrosion

STAINLESS STEEL provides stability and durability with a smooth, attractive, electro polished finish. Stainless Steel handles all moisture and temperature extremes. It resists rust and corrosion and is ideal for any storage requirements.

Wire Shelf

Unique design offers high volume, easy access storage in a variety of finishes to suit your needs. Open wire truss reinforced shelves feature front to back welded surface ribs for added strength. Increases light penetration, free air circulation and merchandise visibility. Minimizes moisture and dust accumulation. Easily adjustable and expandable to change with your needs. Shelves adjust on 1" increments.

Extra-Wide Wire Bulk Rack

**SHOWN WITH OPTIONAL LEDGES AND DIVIDERS**

Triangle Shelves

Triangular Shelving Unit using 4 triangle shelves and 3 posts.

Durable **30" and 36" deep Wire Shelving** is reinforced for extra-strength with front-to-back welded ribs. Functional wire shelf design enables airflow and the penetration of light and sprinklers, while helping to minimize dust accumulation. Offers convenient access from all sides. Shelves adjust on 1" increments. Just snap shelf clips together and slide shelves over posts for positive locking. Starter Unit consists of 4 posts, 3 shelves. Easily configurable into "U", 'T', or "L" shaped racks by connecting Add-on Unit that consists of 2 posts, 3 shelves and 6 "S" Hooks. 600 lb. capacity shelves. Chrome finish.

SOLID SHELF UNITS & ACCESSORIES

NEXEL

Choice of Galvanized or Stainless Steel

Solid Shelf Shelving Units accept a variety of accessories to adapt to your changing needs. Dual layer construction provides maximum rigidity and strength. Open styling allows shelves to be reached from all sides for the ultimate in space efficiency. Fast, easy assembly, no tools required. Shelves with plastic shelf clips easily lock into place on posts and are adjustable on 1" increments. Leveling feet compensate for uneven floor surfaces. Finished in attractive, temperature and moisture resistant Galvanized or Stainless Steel. Up to a 600 lb. capacity per shelf.

OPTIONAL LEDGES

OPTIONAL DIVIDERS

Starter unit consists of 4 posts, 4 shelves and plastic shelf clips. Add-on unit consists of 2 posts, 4 shelves, plastic shelf clips and two joining clamps per shelf.

Solid Plastic Shelving

Conveniently helps you organize storage space in warehouses, stockrooms and in any work environment! Constructed of durable, rust and stain resistant plastic that cleans with ease. Raised lip, surrounding the edge of each shelf, prevents spills from overflowing. Shelves adjust in 1" increments on all Nexel post types. Attach optional casters to move frequently used products to the work area as needed. 300 lb. capacity per shelf. Shelving unit consists of 4 solid plastic shelves and 4 posts. To order Casters, see page 31.

NEXELITE ™
Plastic Mat Shelving

Versatile storage system is perfect for storing all your goods, materials and inventory. Sturdy frame comes in *NEXELON* finish. *NEXELON* is protected by **Nexgard**, an anti-microbial agent that protects the epoxy coating from bacteria, mold and mildew that causes stains, odors and degradation. Polymer composition shelf mats are of a modular design allowing easy removal for cleaning. They have a vented open grid surface that is smooth and crevice-free. Polymer material will never dent, chip, rust, or corrode. Open on all four sides for complete access and superior ventilation. Shelves adjust on 1" increments and have a up to a 600 lb. capacity. Shelving unit consists of 4 Nexelite shelves and 4 posts. Casters mobilize your storage system for quick and easy transportation. To order Casters, see page 31.

Pyramid Merchandiser

Four Tier Pyramid Merchandiser is an attractive way to display your company's products. Unit consists of four chrome shelf sizes, one of each: 14" x 30", 18" x 36", 24" x 42", 30" x 48", (12) 14" Posts and (4) 6" Posts. Black Nylon Twin Casters, 2 swivel, 2 with brake makes the unit mobile. Chrome Finish.

Model No.	PM14C

Nexel Cradle Wine Shelving

Nexel Cradle Wine Shelving is an attractive and safe way to display and store wine bottles. Each bottle is securely cradled by heavy gauge wire to prevent movement. Adjustable shelves allow storage of many different sizes of bottles. Our open wire construction permits air to circulate around bottles. For added protection, place a 4-inch ledge along the rear of the shelf. Shelves accommodate 9 to 13 bottles, depending on shelf size. The use of Foot Plates is recommended for additional stability. Sold 4 per carton. Chrome finish.

Folding Wire Container

- **Sets up in seconds, folds flat to save space and shipping costs**
- **Drop gate for easy access when stacked**

Open mesh construction provides excellent visibility of contents, easy inventory control and eliminates dust and dirt build up. One piece heavy duty folding container features wire mesh arc welded to channel formed steel base. Sides and corners are heavily reinforced. Stacking legs permit handling by forklift or pallet truck; legs are notched to interlock for positive stacking. Add Hinged Lid and padlock for security. Make container mobile with caster kit.

ENCLOSURE PANEL UNIT

An easy access modular storage system that is both time and space efficient. Full view open design provides inventory control at a glance. Position side-by-side or back-to-back, stack 2 or 3 high for bench top use, stack up to 7 high for free-standing rack or use 14" and 20" deep lower bin with dolly for easy transport. Each bin has a 100 lb. capacity and can be separated into sub-compartments with dividers (sold separately). Industrial strength .283 dia. frame wire with .105 dia. cross wire construction ensures strength and rigidity, chrome finish. Assembles easily.

MOBILE UNIT SHOWN WITH OPTIONAL BIN DIVIDERS AND PUSH HANDLE

High Density Mobile Storage System
Maximize Your Storage with Minimum Floor Space

Double your storage space capacity instantly with this economical mobile shelving system. Provides instant access to inventory and allows maximum air and light circulation. **Space-Trac** is designed to eliminate unnecessary aisles, free-up floor space and increase the number of shelving units that can be used in a designated area. This is done by combining stationary and mobile units, to create or eliminate aisles as needed. The stainless steel overhead track assures smooth shifting of units, eliminates dirt and debris build-up that usually occurs with floor mounted systems and compensates for uneven floors. Both stationary and mobile units are available with a variety of shelf sizes and finishes. Mobile units have 5" polyurethane wheel casters. Simple installation makes this system practical and easy to use.

How To Order:
Simple to Install, Simple to Use

When choosing component parts, the following factors must be determined.

1 - The length of Space-Trac necessary.
A-Combine the widths of necessary stationary and mobile units. Add minimum 30" for a single aisle and 2" for every mobile unit used to compensate for bumpers.

2 - The shelf length you want to work with - all shelves must be same length. It is desirable that all shelves be the same width, but it is not required. For simplicity, if choosing different sizes, make stationary units one width and mobile units another.

3 - Height of Unit - when choosing post height, all units must be same height.

4 - Choose finish of shelving and posts, depending on your needs (see chart on page 4).

5 - When ordering component parts remember:

A - Each **Stationary Unit** requires 1 stationary unit kit, 4 posts and shelves (you determine number).
WIRE SHELVES - order from page 5
SOLID SHELVES - order from page 10

B - Each **Mobile Unit** requires 1 mobile unit kit and shelves (you determine number).

C - Space-Trac Guide Bar (custom sized to a max. length of 12 ft.) for longer systems, order one Joining Insert to connect each additional guide bar ordered.

You must order a guide bar for the front and back length of the system.

Note: For double aisle and double deep systems check with Nexel for quote.

Sample Order

What You Would Need To Order For Illustration Shown

A - 2 - Stationary Units
Consist of: 8 #P86C Posts (4 per unit)
8 #S2148C Shelves (4 per unit)
2 #STS1 Stationary Unit Kits (1 per unit)

B - 3 - Mobile Units
Consist of: 3 #STM861C Mobile Unit Kits (1 per unit)
12 #S2148C Shelves (4 per unit)

C - 24 Feet Space Trac Guide Bar
Consists of: 2 #ST1030 Guide Bars @12 ft. each, equals 24 ft. (Sold by the foot)

STATIONARY UNIT KIT   Model No. **STS1**

Consists of the following parts:
4 Guide Blocks
4 Locking Collars
4 Foot Plates

MOBILE UNIT KIT - order shelves separately to match the width of mobile units.

Consists of the following parts:
4 Guide Blocks
4 Posts
4 Casters
2 Tie Bars

* INCLUDES 96" HEAVY DUTY CHANNEL BEAM

Low Cost Wire and Wood Deck Bulk Storage Racks are space-efficient to make maximum use of your storage area. Extra high, wide and deep racks accommodate a variety of sizes and shapes. For use in retail, commercial and industrial applications. Four side accessibility for convenient hand loading.

Easy set-up with snap-in pre-cut components. No nuts, bolts, clips or tools required. Sturdy roll-formed steel framing provides maximum support. Front-to-back supports help prevent beams from rotating when fully loaded. Unique double button stud construction locks perimeter beams into corner post forming a structurally secure joint, eliminates back and side sway. Chip resistant Gray or Tan baked enamel finish. Rugged $1^1/2$" x $2^1/4$" x 14 ga. steel uprights are punched on $1^1/2$" centers. **Add suffix (T) to the model number for Tan finish.**
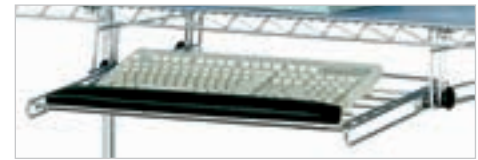

WIRE KEYBOARD DRAWER SHELF   Model No. **AKD211**
Accepts keyboards up to 21"W x 11"D. Has a 6" height adjustment. 25¹/₄"W x 15"D x 4¹/₄"H.

HAND TRUCK POSITION

PLATFORM TRUCK POSITION

Folding Hand Cart

275 lb. capacity

FOLDS FLAT TO $2^1/_2$"

Model No.	FHT200

Lightweight aluminum tube frame cart is strong enough for heavy loads, **yet weighs only 12 lbs.** Simple push button operation and telescopic handle retracts wheels and folds noseplate automatically in seconds. Large 19"W x 13"D cast aluminum noseplate carries bulky items easily. Comfortable anti-slip foam grip on handle. 7" x $1^1/_2$" non-marring shock absorbent rubber wheels for smooth rolling. 19"W x $42^1/_2$"H overall; 31" H when folded.

Economy Hand Truck

Hand Truck has an easy to handle design and accepts loads up to 600 lbs. 20" x 7" nose plate helps keep materials stable during move. Rugged $1^1/_4$" dia. tubular steel frame double welded at critical stress points for a lifetime of service. 52" H x 22"W. Durable enamel finish resists rust and scratches. Pneumatic wheels 10" x $3^1/_2$". Protective vinyl wear guards included. Limited 5 Year Frame Warranty.
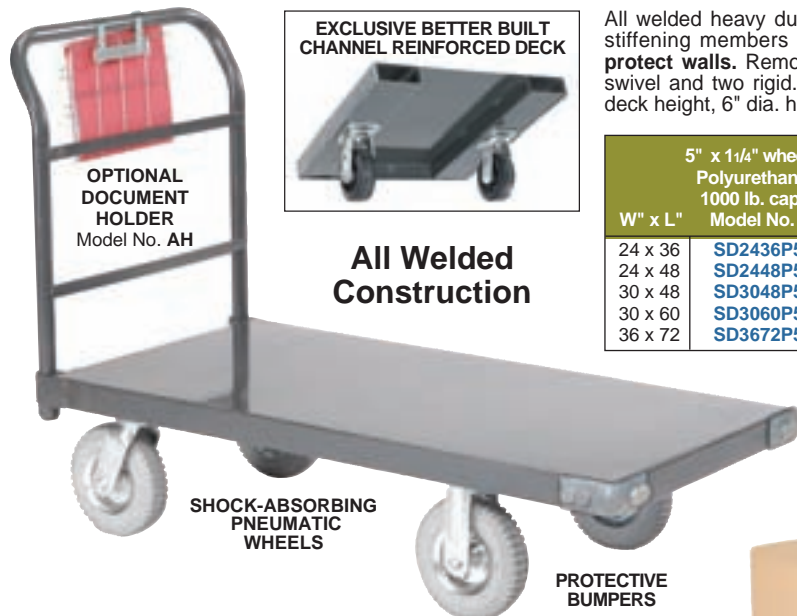

Model No.	HT600

Steel Deck Truck

All welded heavy duty 14 gauge steel decks, reinforced with internal longitudinal stiffening members for extra strength. **Non-marring integral corner bumpers protect walls.** Removable pipe handle. Bolt-on casters are double ball race, two swivel and two rigid. Durable baked gray enamel finish. 5" dia. wheels offer 7$\frac{1}{2}$" deck height, 6" dia. have 8$\frac{1}{2}$" height and 8" dia. have 10$\frac{3}{4}$" height.

Packaging Workstation With Plastic Laminate Top

The large 72"L x 30"W x $1^5/_8$" thick plastic laminate work surface provides ample work space. The large lower shelf is 60"L x 24"W and provides additional storage space. Mounted above the work surface are two 60"L adjustable shelves. The first shelf is 14"W and is shown with optional dividers and ledges to organize packing supplies. The second shelf is 18"W and provides additional storage space and a location to mount an Overhead Light. The Tape Holder/Corrugated Roll Holder option allows for a roll of corrugated paper to be suspended beneath the work surface. The Tape Holder allows multiple rows of tape to be mounted at the back of the work surface. Carton Dividers keep cartons neat and organized. Chrome finish.

CHOOSING A TOP

Maple Butcher Block - This is a great all-purpose top that can handle extreme surface abuse. First it is kiln dried, and the edge is grain laminated for strength. Next it is glued, electronically cured and sanded smooth. Lastly, the maple is finished with a penetrating oil and sealed in a high quality catalyzed varnish.

Plastic Laminate - Super-strong and easy to clean. High pressure plastic laminate-faced wood core can handle heavy abuse and provides smooth, tough working surface for many applications. A cost effective choice.
