Type	Material	List Price
UAP	Grey polyurethane tread, polyamide wheel center, with threadguards, precision ball bearing	Included in Price
DAP	Pressed steel wheel center, polyurethane tread, with threadguards, precision ball bearing available only in 8" (200mm); colors:red, black, taupe	Included in Price
DYP	Black rubber tire, pressed steel center, electric conductive and non-staining, with threadguards, precision ball bearing	Included in Price
DIP	Grey rubber tire, non-marking, pressed steel center, with threadguards, precision ball bearing	Included in Price
PAP	Polyurethane tread, polypropolyene wheel center, precision ball bearing, with threadguards, Shore A92; available only in 5" (125mm)	Included in Price

2470 Series Central Locking Casters

Housing made of pressed steel, zinc-chromatized, double ball bearing, swivel head, wheel axle with nut.

Wheels CAN BE substituted. Check the table below for pricing.

General Information

TENTE offers casters and wheels to various markets, including medical, institutional, food, transport, industrial, stainless steel, airline, store equipment, POP displays and more. Please contact us for all your caster needs, our representatives will be happy to assist you in the caster selection process. We have 10,000+ different caster and wheel options.

Fittings

Casters are connected to mobile equipment with appropriate fittings. Fittings, such as screws, plates and stems can be used depending on the application. In addition to standard fittings, TENTE offers a variety of expandable fittings for special applications. Plate or solid round stems, with integrated actuation systems are used for central locking applications.

Bearings

In addition to tread, wheel diameter and swivel bearing, the wheel bearing effects the roll and swivel characteristics of the caster and therefore the overall quality of the caster. TENTE offers a variety of bearings, including plain bearings, roller bearings, cup and cone bearings and precision ball bearings.

Swivel Radius: Rule of Thumb: Offset + Wheel Radius = Swivel Radius

Minimum order quantities and Colors

Minimum order quantities may apply to wheels, casters and fittings.
Colors are available based on minimum order quantities for various casters.

Custom orders and Special Applications

Please contact our sales managers or customer service department for information on custom orders.

The World in Motion.

TENTE's website offers technical information, product images, catalog and brochures in PDF format, search functions, access to 2-D drawings, CAD drawings and world wide contact information. Visit us today at www.tente.us.

ISO 9001-2008 Certified.

NSF Certified Casters available.
